المجال الدراسي : اللغة الإنجليزية - الزمن : ساعتان

الاستيعاب المقروء - المفردات - التعبير الكتابي - القواعد

(Total 50 Marks)

I. Reading (28 Marks)

A. Reading Comprehension (20Marks)

Read the following passage, then answer the questions below:

A microscope is a clever tool that scientists use to save their information. They then share the information with other scientists. Everyone can use microscopes, even pupils. With a microscope, you can see things that are **tiny** to see with your eyes. Microscopes make things look bigger than they really are. Many things in science can be studied under the microscope.

Robert Hooke and Anton Van were two of its early inventors in the 1500s. Today's light microscopes work better than the early ones. They can make things look bigger 1,000 times! A microscope helps you see lots of objects clearly. Thanks to scientists **who** helped us to see a whole new world under a microscope. A microscope is really an amazing invention.

From a, b, c & d choose the correct answer : (5X4=20 m)

1. The **best title** for the passage could be

a) Light Microscopes	b) The Importance of Microscopes
c) Science and Scientists	d) Microscopes' Inventors
