Do you know how blueberries grow? They grow on bushes. Each blueberry is small and round. Many blueberries can grow on one bush. At first, the blueberries are green. Some farmers grow blueberries in big fields. The people who live nearby can **earn** money by helping to pick the blueberries. Each one takes a pail out to the field and fills it with blueberries. They work fast so that they can fill many pails. They want to earn as much money as they can. When they are done picking, their fingers are blue from the juice of the berries!
