**The Outline ( 2 Marks )**

Rubrics	Marks	Total Marks
Exposition of ideas, paragraphing and number of sentences	<b>10</b>	<b>15</b>
Pre-writing techniques ( brain storming – mind mapping – outlining )	<b>2</b>	
Spelling and grammar	<b>2</b>	
Handwriting , spacing and punctuation	<b>1</b>	

## VI. READING COMPREHENSION ( 20 Marks )

**Read the following passage, then answer the questions below:**

An ocean is a large body of salt water. It can be divided into three zones, or layers. The deeper the water, the colder it gets because sunlight reaches only the water near the ocean's surface.

The top layer of the ocean is called the sunlit zone. The temperature in this zone starts from 40 °C to -3 °C. It is lit by enough sunlight for plants to grow. All plants and most marine animals live in this zone. Whales live here because they need to swim to the surface to breathe air. Some fish here have special shapes to protect them from predators. A predator is an animal that eats another animal for food.

The ocean is colder in the twilight zone. In this area there is not enough light for plants to grow. Fewer sea animals are found here than in the sunlit zone. Jellyfish and octopuses are often found here.

It is very dark and cold in the midnight zone. No plants grow in it. Animals that live in this zone have sharp teeth and big jaws. Others, such as the ratfish, have large eyes to see in the dark. Ratfish swim along the bottom of the ocean and eat smaller sea animals, such as shrimp and sea stars.

**A) Choose the correct answer from a, b, c and d : ( 4 X 2½ = 10 )**

23) The best title for the passage could be.....

- |                             |                       |
|-----------------------------|-----------------------|
| a. <b>Life in the Ocean</b> | b. The Sunlight zone  |
| c. The Twilight Zone        | d. The Marine Animals |

24) The main idea of the (1<sup>st</sup>) **paragraph** is .....

- |  |   |
|--|---|
| a. Fish that have special shapes         | b. <b>Information about an ocean</b>      |
| c. Plants that grow in the midnight zone | d. Animals that live in the midnight zone |

25) The underlined word **It** in the (1<sup>st</sup>) **paragraph** refers to.....

- |          |                 |
|----------|-----------------|
| a. salt  | b. body         |
| c. ocean | d. <b>water</b> |

26) The underlined word **grow** in the ( 2<sup>nd</sup>) **paragraph** means .....

- |                      |                |
|----------------------|----------------|
| a. get colder        | b. get warmer  |
| c. <b>get bigger</b> | d. get smaller |

**B) Answer the following questions : ( 4 X 2½ = 10 )**

27) Why do whales live in the sunlit zone?

**Whales live in the sunlit zone because they need to swim to the surface to breathe air.**

28) What is the temperature in the sunlit zone?

**It starts from 40 °C to -3 °C**

29) What are the animals that live in the twilight zone?

**Jellyfish and octopuses**

30) Where do ratfish swim?

**Ratfish swim along the bottom of the ocean. / They swim in the midnight zone.**
