Read the following passage and answer the questions:

The sea is a wonderful place. Some People enjoy swimming and water sports. Other people like sea animals and fish. Our science teacher asked us to make a short video project about sea animals and fish. I went with my father and sister to make my video. I started by taking pictures of the blue sea and the yellow sand. I also took pictures for some sea animals. I found a puffer fish which had very sharp teeth. We saw some turtles with beautiful shells on the beach. They were digging holes to lay their eggs. My father told me that there are very big sea animals that we don't see always near the beach; like the whale shark which is the <u>largest</u> shark. He told me also that there are very small sea animals that we cannot see with our eyes. I finished the project and gave it to my science teacher who was very happy with it.
